Pick one word/phrase/topic from the readings or homily that stood out for you:

Since this is the beginning of Lent, Fr. Jay talked about the three things we focus on until Easter - almsgiving, prayer, and fasting.

Reflect on how that relates to you in your personal life:

I started thinking about the great sacrifices Jesus made and compared that to what Fr. Jay was talking about. Giving up chocolate for a few weeks seems so insignificant now. He also made me think about something positive I could do each day. I have decided to add at least one random act of kindness to each day during Lent.
